

THE ANTIQUE OUTBOARD MOTOR CLUB, INC. and The Western Reserve Chapter

THE ANTIQUE OUTBOARD MOTOR CLUB (AOMCI)

- Outboard motors have been manufactured for over 100 years, so it's no surprise that lots of people are interested in collecting antique outboards
- The interest became so widespread that by 1960, collectors began to correspond with one another, and in 1965 five collectors planned and organized The Antique Outboard Motor Club. Since that time, we are now 3000 members strong, not only in the USA, but in 14 countries around the world.
- Get started by advancing your spark of interest and join AOMCI. You'll discover what a fun and enjoyable hobby this can be, and you can share it with your friends, family, and with other members too.
- As a member, you will receive a membership card, have access to the extensive Club library, the Club website: www.AOMCI.org, a subscription to the Club magazine *The Outboarder*, and the opportunity to register your outboard motors. You can talk with, or correspond with those having the same favorite motors or who share the same outboard interests.
- Dedicated to the preservation and restoration of antique outboard motors

THE WESTERN RESERVE CHAPTER, AOMCI

- We are a group of 50+ AOMCI members from Northeast Ohio and Western Pennsylvania.
- Founded in 1999, we are a diverse group of men and women, coming from all walks of life and all ages, with varying interests, mechanical abilities, and numbers of motors
- Spring, Summer and Fall, we have regularly-scheduled gatherings, or "meets" at a local lake or river where we display, run, and work on antique outboard motors, trade and sell parts, and "talk outboards". Members with boats bring them to use, and there is usually a boat available for members who need one
- In the winter months, we gather to talk about our outboard projects, swap and sell parts and motors, and make plans for our future meets.
- If you need help in working on or restoring a motor, our members are always willing to share their time and talent, offer advice, give hands-on help when it is needed, and share sources for parts
- Above all, we have fun. Please consider joining AOMCI and the Western Reserve Chapter today
- For more information please contact Gary Orloff gerayorloff@icloud.com or call 440.667.5548
